

Model 6880 ROLLING CHAIR SCALE

Zero turning radius ability is the hallmark of this lightweight rolling chair scale. Ergonomics dictated this stylish, battery-powered chair scale's contemporary design. This system comes complete with a large LCD display. It has a 440 lb/200 kg capacity that is sensitive to 0.2 lb/0.1 kg. Oversized 3 inch/8 cm diameter wheels and sleek styling allow this scale to be extremely portable.

Model
6880

The 6880's footrests fold away to promote patient security when getting into or out of the scale.

adjust the patient
height for BMI
calculation.*

- Lift-a-way arms and footrest.
- Fully electronic - single load cell.
- Oversized 3 inch/8 cm diameter wheels.
- Safety stops on rear wheels for parking in one place without rolling.
- Contoured, sloping backrest allows the patient to assume a relaxed position.
- Equipped with retractable armrests for ease in transferring patients to the chair scale and to accommodate patients with casts.

The large 0.75"/19 mm LCD display is battery powered and is easily readable in the brightest lighting conditions. The soft, padded armrests fold out of the way to allow patients easy accessibility.
